Briefly state why you want to be a member of this committee and why you feel qualified to serve as an employee representative:

I have been blessed to be employed by Shelby County Government for nearly twenty years as both a manager and a Civil Service employee. Nine were spent in County Finance and almost eleven at the Memphis & Shelby County Health Department. As you know the M&SCHD is the largest Division under the Mayor's Administration. **Briefly state why you want to be a member of this committee and why you feel qualified to serve as an employee representative:**

I would like to be a member of the Unified Personnel Policy Committee to assist the County Commission as well as to ensure that the employees of Shelby County are fairly represented in the implementation of personnel policies on all levels. In reviewing the minutes of prior UPPC meetings, I have come to understand that the policies addressed not only involve compensation plans but also retirement issues/benefits, medical/dental coverage, electronic mail and discovery, and the like. As I am currently a Shelby County employee working directly with front-line staff, I believe that I am in a position to make educated recommendations on issues that directly affect employees. However, working as a supervisor, I also believe that I am able to discern between what employees may want and what may be more beneficial to employees and the County in the long run.

I believe that I am qualified for several reasons. I have worked with the County for almost eight (8) years and have held both a probation counselor (front-line) position as well as a supervisor position. Therefore, as stated, I am able to see issues from

The Shelby County Employee Handbook covers all Shelby County employees. However, there appear to be many "unwritten rules" that cover Shelby County employees, different rules for different types of employees and many unwritten exceptions to the handbook. There should be written rules that truly apply to all employees and treat all employees fairly and consistently.

As an attorney with more than 25 years of experience, I have served on countless committees both in the private sector and in more than 15 years of public service in Shelby County. I have been employed with Shelby County Government for 12 years.
